The records of the grandchildren and great grandchildren of these Kennedy families and their branches are many and if accurately compiled would take up many pages. It is the thought of the writer that the Kennedy family should compile a complete record of the descendents of these families, for if they fullfil the shoes of their ancestors they will always be a strong family. They can be proud of their heredity. The dates of the children of David Kennedy Sr. were copied from Jennie Brownscombe's mothers record, Elvira Kennedy Brownscombe. Any of the family who are interested enough in the work of the Kennedys will find the spinning wheel of Mrs. Elvira (Kennedy) Brownscombe, in the rooms of the Wayne County Historical Society at Honesdale, Pa. It was donated by her daughter Miss Jennie Brownscombe, the artist.

We spoke of Sarah Morgan as the mother of David Kennedy. It is through her that we trace our Mayflower line. She was the daughter of Capt. John Morgan and Ruth Shapley, who in turn was the daughter of Benjamin Shapley and Mary Pickett. Mary Pickett's mother was Ruth Brewster, daughter of Jonathan Brewster and Lucretia Oldham and granddaughter of Elder William Brewster
